

K-Love is an important part of my day. The uplifting, christian broadcasting makes my day flow more smoothly. I enjoy the music and comments that hlp me stay tuned to what's important.

K-Love is also an important part of our community. If other programming replaced it, this type of broadcasting would be cut in 1/2 - and we would suffer for it.

The Christian based broadcasting provided by K-LOVE has a calming, soothing affect on everyone that listens to it, and it's inspirational message would be lost.
